Kracked Vinyl is a rock band, a tribute band, a dance band, a blues band, and killer vocal band. Their mission: to keep the party alive with all the danceable classic hits your crowd forgot they loved.

Featuring four seasoned local and international musicians, Kracked Vinyl plays hits from the classic vinyl era to present day, including rock, dance, funk, blues, Southern rock, Motown, R&B, and a taste of country. They're a great fit for clubs, festivals, and corporate events.

Kracked Vinyl's individual members have played to packed auditoriums and concert halls throughout the nation, performing at the New Orleans Jazz & Heritage Festival, Festival International, and Rock 'N' Bowl, and have backed up Johnny Winter, Suzanne Somers (at her Superdome concert), and Frankie Ford.

Crowds love the band's vocal harmonies and unforgettable musical arrangements, and always sing & dance from the first note. The band makes lifetime fans at every performance. Here's what a few had to say:

"Great vocals! Every song brought us back to the good old days!"

"We danced to every song you guys played!"

"You played songs I'd totally forgotten about! I loved every one!"

"The tightest band I've ever seen here, and I'm here every week!"
